

Create a SEC³URE Account

If you do not have a SEC³URE account:

Using a Computer or Mobile Device:

1. Go to SEC3URE.COM
2. Select the orange **Register** button.
3. Enter your information on the *Registration* page, agree to the **Terms of Use** and **Privacy Policy**, and then **Submit**
4. Select your *state*, the *facilities* you visit, and then **Add Selected** facilities

SEC³URE will determine if you need to purchase a **Passport Subscription** to fulfill facility requirements

From the *Home* screen, select the purple **My Facilities** tile to add additional facilities to your SEC³URE account

5. From the *Home* screen select the red **Outstanding Credentials** tile to review the facility requirements and then take action to fulfill those requirements
6. From the *Home* screen select the red **Outstanding Policies** tile to review and then **Agree** to facility policies
7. In the left menu, select **My Account >> Profile** to **Edit** your contact information and **Change Photo**

The tiles on your SEC³URE *Home* page will turn green once all facility requirements are fulfilled

Remember to install the

SEC³URE Companion Mobile App:

1. On your mobile device, go to your App Store and search for "**IntelliCentrics**"
2. Install the free SEC³URE Companion Mobile App
3. Launch the SEC³URE Mobile App on your mobile device
4. Enter your information and login

The SEC³URE Companion Mobile App allows you add and delete facilities as needed. Check your facility **Credential Requirements** and **Policies on-the-go**. Check into and out of (*participating*) facilities remotely and receive an electronic badge on the mobile device.

Be sure to enable mobile text notifications and reminders. SEC³URE keeps you up-to-date on facility requirements so you **Know before you go**.

Compliance Guide

817-SEC3URE (732-3873)

Monday-Friday, 6:00 a.m. - 6:00 p.m. CST
CustomerService.US@IntelliCentrics.com

The IntelliCentrics SEC³URE Ethos is relied on by more than 11,000 locations worldwide to ensure two-way trust between patients, doctors, suppliers and healthcare companies. And at over 700,000 members strong, we are all part of making healthcare better.

As a healthcare industry representative, you are an integral part of this process, and it is a priority of ours to ensure that we, and our vendors, are compliant with hospital policy and Joint Commission standards.

In order to help with this credentialing process, we have joined the SEC³URE Ethos. SEC³URE provides an Internet-based service that allows our reps and healthcare departments to navigate our compliance goals in an efficient, easy, and comprehensive manner.

SEC³URE is the industry standard for vendor credentialing. As part of the SEC³URE Ethos, we are one of a vast network of SEC³URE Facilities immediately available when you have satisfied any outstanding requirements.

It is a requirement that all reps successfully register and satisfy outstanding requirements through SEC³URE.COM.

Simple Process

If you do not have a SEC³URE account, create one using the brochure instructions.

Once you have completed your registration and submitted any required credential documents, SEC³URE will review and process your submissions.

Please note that all of our reps must be part of SEC³URE. If you fail to comply with this requirement, you will not be permitted inside our facilities.

For questions regarding the registration or credentialing process, please call IntelliCentrics at 817-SEC3URE (732-3873).

Nothing. Nada. Zilch.

Zero.

IntelliCentrics does not believe reps should pay for something they don't need. That's why SEC³URE works with healthcare facilities to create fair and reasonable credentialing requirements based on a rep's role within a facility.

If a rep isn't required to submit credential requirements for review and storage, beyond COVID-19 and Seasonal Flu vaccinations, the subscription is free. Reps who are required to submit credentials, beyond COVID-19 and Seasonal Flu vaccinations, purchase an annual Passport membership, which is valid at all SEC³URE facilities. Individuals will not pay a separate fee for each facility they visit.

Below is a chart showing what features each membership offers.

Base vs. Passport Membership		
Features for Healthcare Professionals	Base	Passport
Universally accepted in all SEC ³ URE Healthcare Facilities	✓	✓
Store your contact information	✓	✓
